WM. H. TAFT, president-elect, is a Master Mason. The impressive ceremony which brought him that distinction was conducted by Charles S. Hoskinson, the "Most Worshipful Grand Master of the Grand Lodge of the Most Ancient and Honorable Fraternity of Free and Accepted Masons of the State of Ohio." The highest Masonic authorities of 17 States witnessed Mr. Taft's admission into the order, as did a body of men representing distinguished citizens of Cincinnati and the members of Kiwinning Lodge, of which Alfonso Taft, father of the president-elect, was a member, and in which Charles P. Taft was inducted under the auspices of his father. The Scottish Rite Cathedral, Cincinnati, an ancient edifice devoted to the higher degrees of Masonry, was the scene of the ceremony. The procedure, which culminated in the declaration that Mr. Taft was a Mason, occupied 35 minutes.

A CORRESPONDENCE school to teach the criminally inclined how to break jail and slip off hand-cuffs in the latest A young woman in Boston, Miss Lillian Rice, was coming money at \$5 a course when the Federal authorities caught her and put the enterprising young woman under arrest, but she got permission to go into the bath room a moment and disappeared, thereby showing she was on her job.

THERE will be five candidates for Speaker of the next House: Will H. Shanks, of Lincoln; George Wilson, of Union; J. C. Pirtle, of Hardin; Lillard Carter, of Anderson; Clarence U. McElroy, of Bowling Green, and Harry Schobert, of Woodford. We hope and believe that Hon. W. H. Shanks, of this place, will land the plum.

THE police judge of Jellico is in jail for non-payment of an old judgment. A man sued him for sending him to jail, as he charged, to keep him from voting, and secured a \$100 verdict. The judge refused to pony up, so he languished in durance vile. If all those who won't pay judgments were similarly treated more debts would be collected.

KANSAS was always noted for its cranks, political and otherwise, of which this is further evidence. The Senate has passed a bill prohibiting the sale of liquor for medical, scientific or other purposes. If Kansas has a constitution, such a law ought to be based by it.

GOV. WILLSON passed up the Anti-Saloon League Convention. Doubtless he wanted to avoid entangling himself between what the governor of South Carolina said to the governor of North Carolina.

MR. TAFT says he never takes medicine. That is the secret of his fine health, doubtless. The taking of medicine is the bane of most lives.

The Cincinnati Commercial Tribune is still harping on our old friend, Abe Lincoln. Seems to us it is about time to give him a rest.

CHICAGO women are appealing to the Legislature to pass a law providing some way that will distinguish a married man from a single man as "Miss" and "Mrs." show the social relations of women. They do not suggest a title, leaving that to the inventive genius of the solons. As there is no law providing the titles of "Miss," "Mrs." or "Mr." legislation on the subject will be in the initiative. The Legislature of Illinois can do a great deal, but it may be doubted whether it could securely attach to unmarried men a title that would indicate their celibacy. It might be more easy for the law to require all married men to wear a badge for the information of the young women of Illinois, or perhaps a collar would be more appropriate to show their condition of servitude. The subject is a deep and important one and its solution by the law makers of the Garden State will be looked forward to with interest. Chicago men at least should have their social condition designated in some way.

PUBLIC sentiment is dead down on political bribery and that means that it has got to stop. A bank president in Pittsburgh has been convicted of giving a councilman \$15,700 to procure the passage of an ordinance making his bank a depository for city funds. Only a few weeks ago a railroad president was convicted of offering \$70,000 to a Pittsburgh councilman to procure a franchise for his company. The penitentiary is a lamentable end for eminently respectable business men to reach, but political bribery has got to be stopped. The man who gives a bribe is as bad as the one who takes it, and the vicious practice can only be stopped by making it too hazardous to demand blackmail or to offer corruption money.

JUDGE WILLIAM HOWARD TAFT said

farewell to his Cincinnati home Friday before leaving for at least four years' residence at Washington. He made a speech on the floor of the Chamber of Commerce in the afternoon and that night was the guest of honor at a banquet given by the Knockers' Club, an adjunct of the Business Men's League.

MORE than 31,000 men will march in the Taft parade at the inauguration, 22,000 soldiers and 9,000 civilians. There are 45 organizations of white men, nine of Negroes, one of Indians and the Bradley special lot of admirers.

ONLY nine more days of Teddy. It is sad to think how bad things will go when he no longer holds the country up by the tail.

### CHURCH MATTERS.

The Sunday school at the Christian church Sunday morning was the largest for two years, 162 being present. The collection was \$6.47.

W. W. Ramsey, former president of the German National Bank of Pittsburgh, was found guilty in connection with the reorganization exposures.

### The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life, and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. "Klimby trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 5¢ at Penny's Drug Store.

ORDINARILY Congressmen elected in November do not have to serve until the December following a year. They simply look wise in order to make their constituents think they have done the proper thing in electing them. They also draw their pay with religious regularity from the 4th of March after their election. They have got to get to work or act like men who do work. The extra session of Congress to be called for the 15th of March will corral them in Washington and make them try to do something for their per diem per day.

WHEN our peripatetic battle squadrons return, it is said that it will fire over two thousand guns saluting the President on the occasion of the forthcoming review at Hampton Roads. This will make the sweetest music the President ever heard; it will be almost as good as a real battle. Incidentally it emphasizes the importance of dissolving the Powder Trust and getting competitive prices on explosive. It will also call attention to the useless waste of money as every shot cost a number of dollars.

LITTLE LOTTA, who used to jump on tables, do kittenish tricks, and kick up her heels to the delight of us who are old enough to remember it, is now ekking out an existence on the income of a million of dollars worth of property, most of which she made on the stage and by good investments. She is very fond of horses and usually has a string at the Lexington trot. She has grown fat and gray, but still retains some of the appearance that made her so popular a quarter of a century ago.

YOU'VE heard of the story of a finicky old maid who said she had dined heartily on the wing of a humming bird, a species of the feathered class generally thought to be too small for eating purposes, and unfit for it besides. However, a man in San Antonio has just ordered 500 humming birds from a game dealer in Mexico. These are to be served as a course at a banquet, which, if the rest of the menu is of a kind, will furnish mighty slim pickings for the guests.

WE regret to observe that in the list of the officers of the National Congress of Mothers there appears the name of one "Miss." It is to be hoped, however, for her sake and the sake of the Congress that it is a misprint. Again, too, she might have trouble in convincing the other sisters that "Miss" was to be home with the children.

### PAIN

Pain in the head—rain anywhere, has its cause in concreting, rain, blood pressure, nothing else. At least, so says Dr. Shoop, and to prove it he created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—drives pressure away from pain centers. It affects—charms—pleasingly delightful. Guilty though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If you have a toothache, it's blood pressure.

If you are sleepless, restless, nervous, it's blood

congestion—blood pressure. That sure is a

curiosity, for Dr. Shoop's Headache Tablets stop in 20 minutes, and the tablets simply distribute themselves.

Bruise your finger, and doesn't it get red, and

painful? Of course it does. It's con-

gestion blood pressure. You'll find it where pain

is—always. It's simple common sense.

We sell at 25 cents, and cheerfully recommend
